

This is the margin area. You should keep your text and graphics at least this far (0.375") from the edges of your letterhead, of course color or images that bleed need to run through this area and off of the page

**Your Business Here**

1234 E. Street  
Tucson, AZ 85700-1111

This is the minimum bleed area, any graphics or areas of color that you want to have extend to the edge of the paper must go at least one eighth of an inch (0.125") beyond the edge of the paper so that your design appears as you intended after we cut it to size
